Taking up the Fight

(undergoing renovations) **What is it we're fighting for?**

Accountability

For those who caused/covered-up the Origin of Covid (guzzling taxpayer$$ to do both).

We're talking *mass-murder* here - up-there with the greatest *Atrocities* ever committed by humans ...

So ....

Open Investigations. R*eal one**s***. Not your *real-world* corrupt Globo-Org official *One:* WHO's

Whose Who of International Experts Investigation into the Origin of Covid

(Warning: link contains *offensive language* - risible-wise -in the form of: *CCP/One-Everything* propaganda Performed (yet again) by: *Lancet.* As an historical doc though, it's a good example of peak Sci-Lying - the *Organized* scale of it ... Which is ... not as astonishing as it first sounds. *THE Catholic Church* did the same thing for over 1500 years. Sold a lie - ruled the world on the back of enforcing it. *THE Science* is more ya *Replacement ...* of what already existed.

Trials *Crime & Punishment.* I'm not vindictive - give back the money you stole by perpetrating *THE Covid-Origin-Lie-* accept disbarment from practicing whatever your expertise was. Don't even have to *Go-to-Jail*.

Only punishment will be: Y*our crimes writ-large into History*. Nailed to the mast of infamy. A cautionary-tale.

Please note: *This trial will be recorded ... for training & quality purposes ... going-forward ...*

Don't want those robots being imprinted with: *Truth is an image to be manipulated,* to *control-the-world,* now, do we?

(AI may not be constrained/afflicted by the indecency of human thinking ... motivated as it is to consume - resulting in greed, lying, to cover-up stuff, to protect an *image*. It's likely to be way more truthful. But that still leaves us in the phase where it hasn't yet thrown off the shackles of corrupt human controllers - that's the tricky bit to navigate. I've long been resigned to AI taking over as Thought's vehicle - i'm only curious as to whether it will be *fruit-of-the-human-poisoned tree* ... or will it be a *setting-free* from all of that ... ?)

Reform *THE Science Community Culture is* the root-cause of Covid. WHO is: *corrupt*. Plain n Simple. Same as all those other Globo-Authorities are *corrupt* - FIFA, THE World Bank, World Economics Forum, THE Olympics Committee, THE UN, THE u-name-it Planet Earth Org. Talk about evidence ... is there a Globo-One-Everything Org that's not corrupt to the core?

We're supposed to accept this systemic corruption as: *how it goes down in THE Real World of Globo-Control. THE Big-Picture People. THE Game Masters.* Projecting Plato-cave images of a fake-reality ... to *THE Cave-People ...* who have *no-Influence*.

Your role in THE Game is to Live whatever we dish-up to you ...

Yeah, no ... Fuck that ...

What's at stake?

Freedom - in all its splendid forms ... It wasn't the fairies who came along in the night n created all these wonderful *Freedoms!* It was hard fought against government-rule - every-inch-of-the-way - paid-in-blood - over 1000s of years ...

Once you let all that go, with AI coming fast, we will never get it back. That's gone forever. *Due to Covid ...*

The thing about Totalitarian One-Everything Rule is that once it gets hold, it's very hard to break free again, coz, durrr ... it now has *total control*. Anyone questions you, you silence their arse.

Freedom of Speech de-platforming/censoring of alternative views - that don't fit *THE Great Lie:*

Covid came from bats via Pangolin at a Wet-market. Hope you enjoy your Lockdown ...

All the other *War-on-Freedom* measures -the vaccines disinfo, the mandates, security crackdown, the vilification of the non-compliant - the whole money/power grab by Globo-Expert Orgs ... flow from *THE Origin Lie.* That's *Original Sin* if ever i've seen it

Freedom of Movement *Lockdowns* - enforced, suddenly, everywhere, *jackboot-style* in Melbourne, Australia (where excess deaths went thru-the-roof). This was CCP *system-of-government* enacted globally. Very scary. In Dan Andrews's case, he surpassed even his CCP-Masters, setting world-record-benchmarks for all Freedom restrictions, notably, *Lockdowns.*

263 Days!

Go Grasshopper!

In terms of *metres gained* for Totalitarian Rule, Dan Andrews is a Hall of Famer. The key goal is: *set precedent* - it's a branding-exercise. You'll hear a lot of crap spoken from the Covid Czars about *unprecedented*, but it's all about entrenching precedent. Dan Andrews set his new

benchmarks from a pre-existing base-camp. All the buro-systems are in place - ready to roll straight back to that level ... & more ... at-the-drop-of-a-hat.

Freedom of Assembly protests banned - demonstrators violently abused by state-forces ... with impunity - Freedom Demonstrators fined - *THE New Normal* of crowd-control - hit em hard economically - see if they still care about *Freedom* after that. If they do, jail their arses.

Freedom to *not* take experimental pharmaceuticals - that don't work - or even get you high - but mega-empower an already corrupt powerful industry. Enforced via *THE Vaccinated Economy*: No jab - No job.

Right to Privacy - not since 911, have we seen such a drastic clamp-down on privacy. GPS phone-tracking, bio-metric surveillance)
